

MIDDLE SCHOOL LEAP RESPONSE - TEAM EVENT

TEAM INFORMATION

Team ID: 1082-1

Competitive Event: Website Design

1. COMPETITIVE EVENT LEADERSHIP EXPERIENCES

How did your team apply one (1) or more of The Student Leadership Challenge practices to this competition? (100 to 200 words)

Our group inspired a shared vision and encouraged the heart throughout our project. When one member of our group had an idea for the design of our website, he shared his idea with everyone else and let us add our own ideas. We quickly decided on an idea that our entire group agreed with. We all encouraged each other to stay true to our plan and do our best work. Even though we held ourselves to a high standard, we achieved it by recognizing our accomplishments. In addition to these two leadership practices, we modeled the way. We also encouraged the heart by adding aspects of what everyone wanted into our content and design. We worked towards our goal of putting everyone in a position where they can be a leader.

2. NON-COMPETITIVE EVENT LEADERSHIP EXPERIENCE

How did members of your team apply one (1) of The Student Leadership Challenge* Practices to a leadership activity in one (1) of the following categories: Leadership Roles; Community Service/Volunteer Experiences; Career Planning? (50 to 100 words)

Members of our team filled leadership roles by modelling the way. Instead of relying on our teammates for everything, we did what we expected our teammates to do. We partook in career planning by increasing our knowledge of coding. On top of that, one member of our team assisted in organizing a community service programming event in Denver and fine tuning his skills.
